Upcycling

The art of giving textiles and clothes a second life by turning them into high-quality clothing or objects.

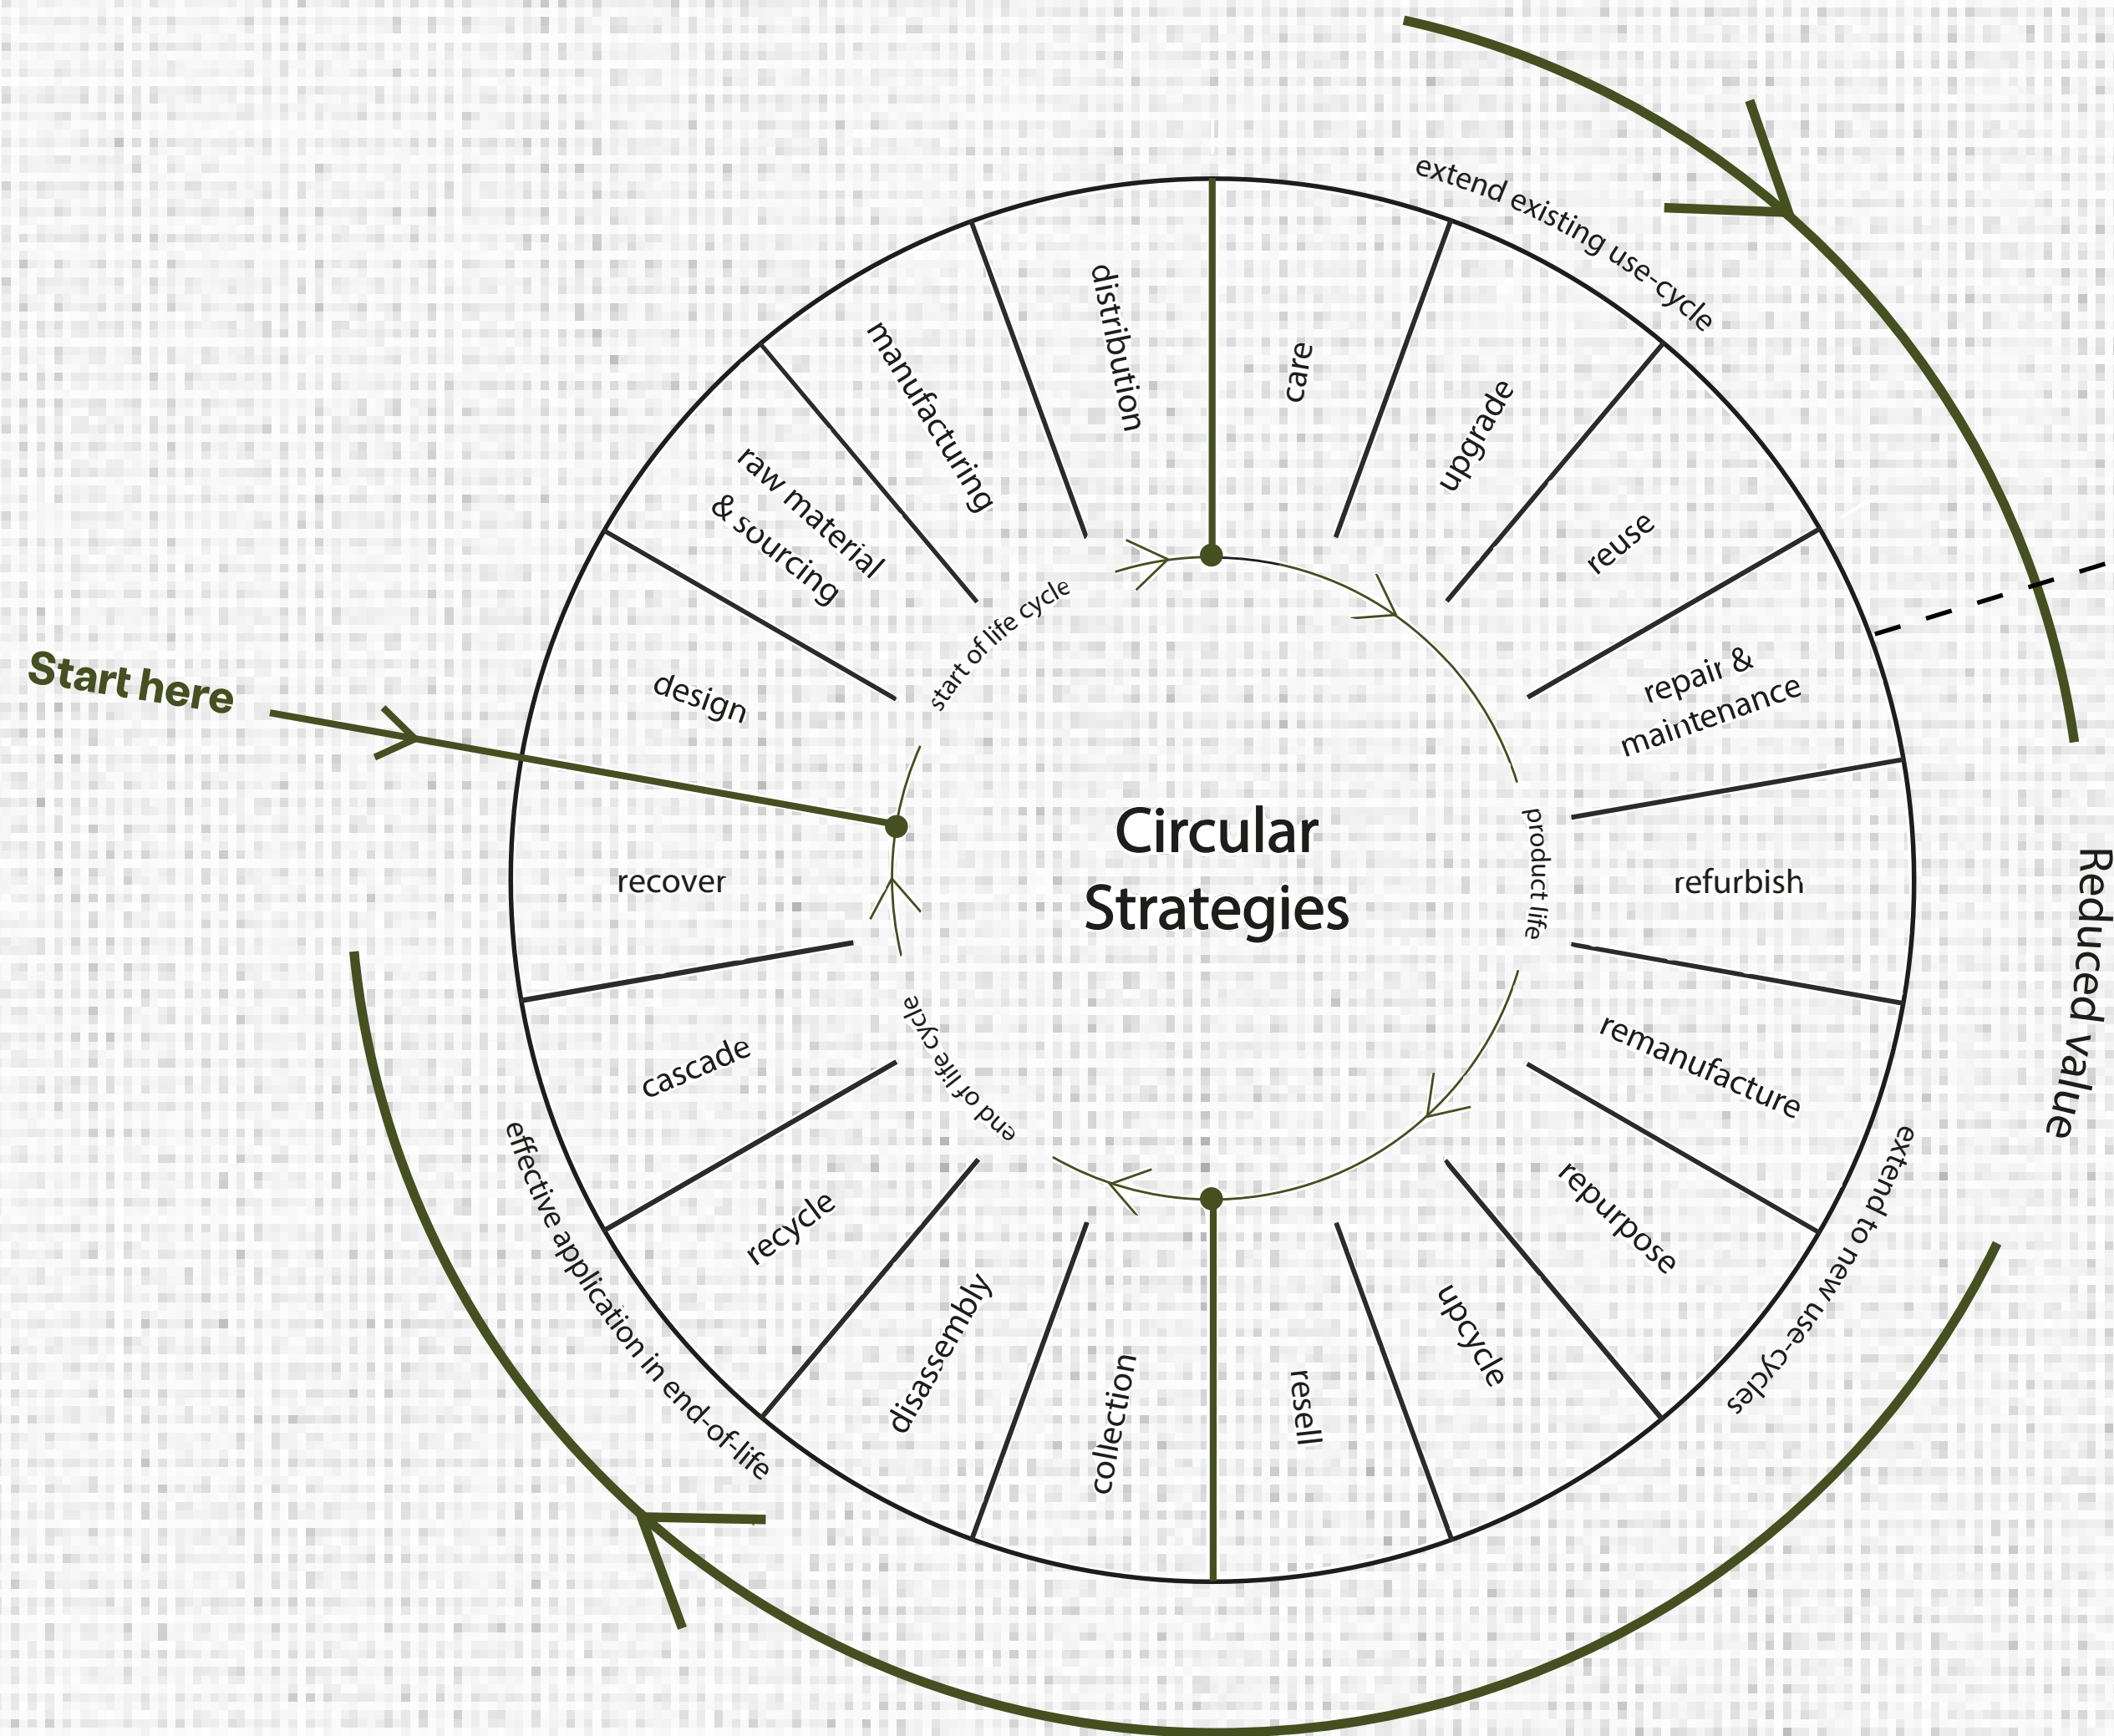

Repairing / Mending

Second life trends

Mending - Why is it relevant ?

Repair & maintenance

- Thinking about how to correct, replace and/or **fix broken/damaged** components of a defective product
- Aiming to **maintain the original functionality**
- **Extend the lifetime** of products and **reduce** the need for new **resources**
- **Avoiding waste** and producing **fewer emissions**
